

**PART TIME TEACHER OF CHEMISTRY TO A2 LEVEL**  
**with ability to teach Double Award Science to GCSE**  
**Temporary Part Time - 2 Days Per Week**  
**1 September 2026-31 August 2027**

**SCHOOL INFORMATION**

Assumption Grammar School is a Catholic voluntary grammar school for girls founded in 1933 by the Missionary Sisters of the Assumption. In September 2009, Assumption became a Specialist School for Music with Physical Education. Pupil enrolment is 910.

The school offers a full range of state of the art facilities to support a full, broad and balanced curriculum. There is in place an infrastructure that enables the school to be forward thinking in curricular and business terms while remaining true to the values established by the Missionary Sisters of the Assumption.

The whole staff and community work as one team which embraces the school’s “Fully Alive” ethos. This ethos is characterised by the strong pastoral care dimension which permeates every aspect of school life. All members of the school community share responsibility for maintaining the caring atmosphere of the school and each staff member, teaching and support, is expected to be guided by this in all dealings with the pupils.

**CHEMISTRY DEPARTMENT**

At Key Stage 3, the classes are unstreamed. Pupils in Years 8 and 9 have six periods of General Science per week. Year 10 pupils have two periods of Chemistry per week taught by a Chemistry teacher.

At Key Stage 4, pupils take either GCSE Science (Double Award) or GCSE Chemistry. The Chemistry component of the Double Award Science course is taught by a Chemistry specialist over three periods per week. GCSE Chemistry has a time allocation of five teaching periods per week.

At Post 16 level, Chemistry is offered to AS and A-Level and are taught by highly-experienced, specialist teachers. Chemistry continues to be among the most popular options at A level.

Pupils throughout the school engage in a range of enrichment activities, including the Junior Science Club and various STEM activities.

**EXAMINATION RESULTS OVER THE PAST THREE YEARS**

<u>LEVEL</u>	<u>2023</u>	<u>2023</u>	<u>2024</u>	<u>2024</u>	<u>2025</u>	<u>2025</u>
